Brock North - Work to be completed at the request of the Town of Montreal West. In the last few days we have received several calls regarding the presence of CJRB Construction Inc. on Brock North between Northview and Fielding. This company was responsible for the overall rehabilitation project on this section of road in the fall of 2012.

The contractor is currently performing corrective work, free of charge, at the request of the Town of Montreal West.

The Town is withholding payment of the balance due until all work is completed to the satisfaction of the Town of Montreal West, our engineers and in accordance with the specifications outlined in the construction plans. Therefore do not be surprised in the coming weeks to see work occurring on this section of road.

We apologize for the inconvenience.
