

Recycle

You may know about the City of Montreal's ecocentres (if you don't, see below); but did you know many other stores and organisation collect items to recycle them? Ecocentres are recycling centres across the island of Montreal accessible by all residents of Montreal (regardless of original neighbourhood; proof of residency is required). They accept **non-functional large appliances** (refrigerators, stoves, washers, dryers), **non-functional small appliances** (microwaves, irons, radios, toasters, blenders), **construction material** (toilets, baths, sinks, tiles, bricks, windows, moldings, hardwood floors, doors), **household hazardous waste** (used paint, aerosol cans, medication, batteries, car batteries, oil filters, used oil), **non-functional electronics** (computers, screens, printers, copiers, TVs, VHSs, DVDs), **furniture**, and **clothing**. Each ecocentre additionally has a donation box where functional items can be recovered and reused.

Item	Name	Address	Phone
