Water supply maintenance

Important to know

Nature and impact of the work

- The city will be carrying out work to optimize the water supply system under Chemin de la Côte-Saint-Luc, Avenue Doherty, Avenue O'Bryan and Avenue Somerled.
- While all precautions to avoid disrupting the network's continuous supply are taken, these operations could cause a **drop in water pressure at your tap between February 12, 9 a.m. and February 22, 4 p.m.**

To Note

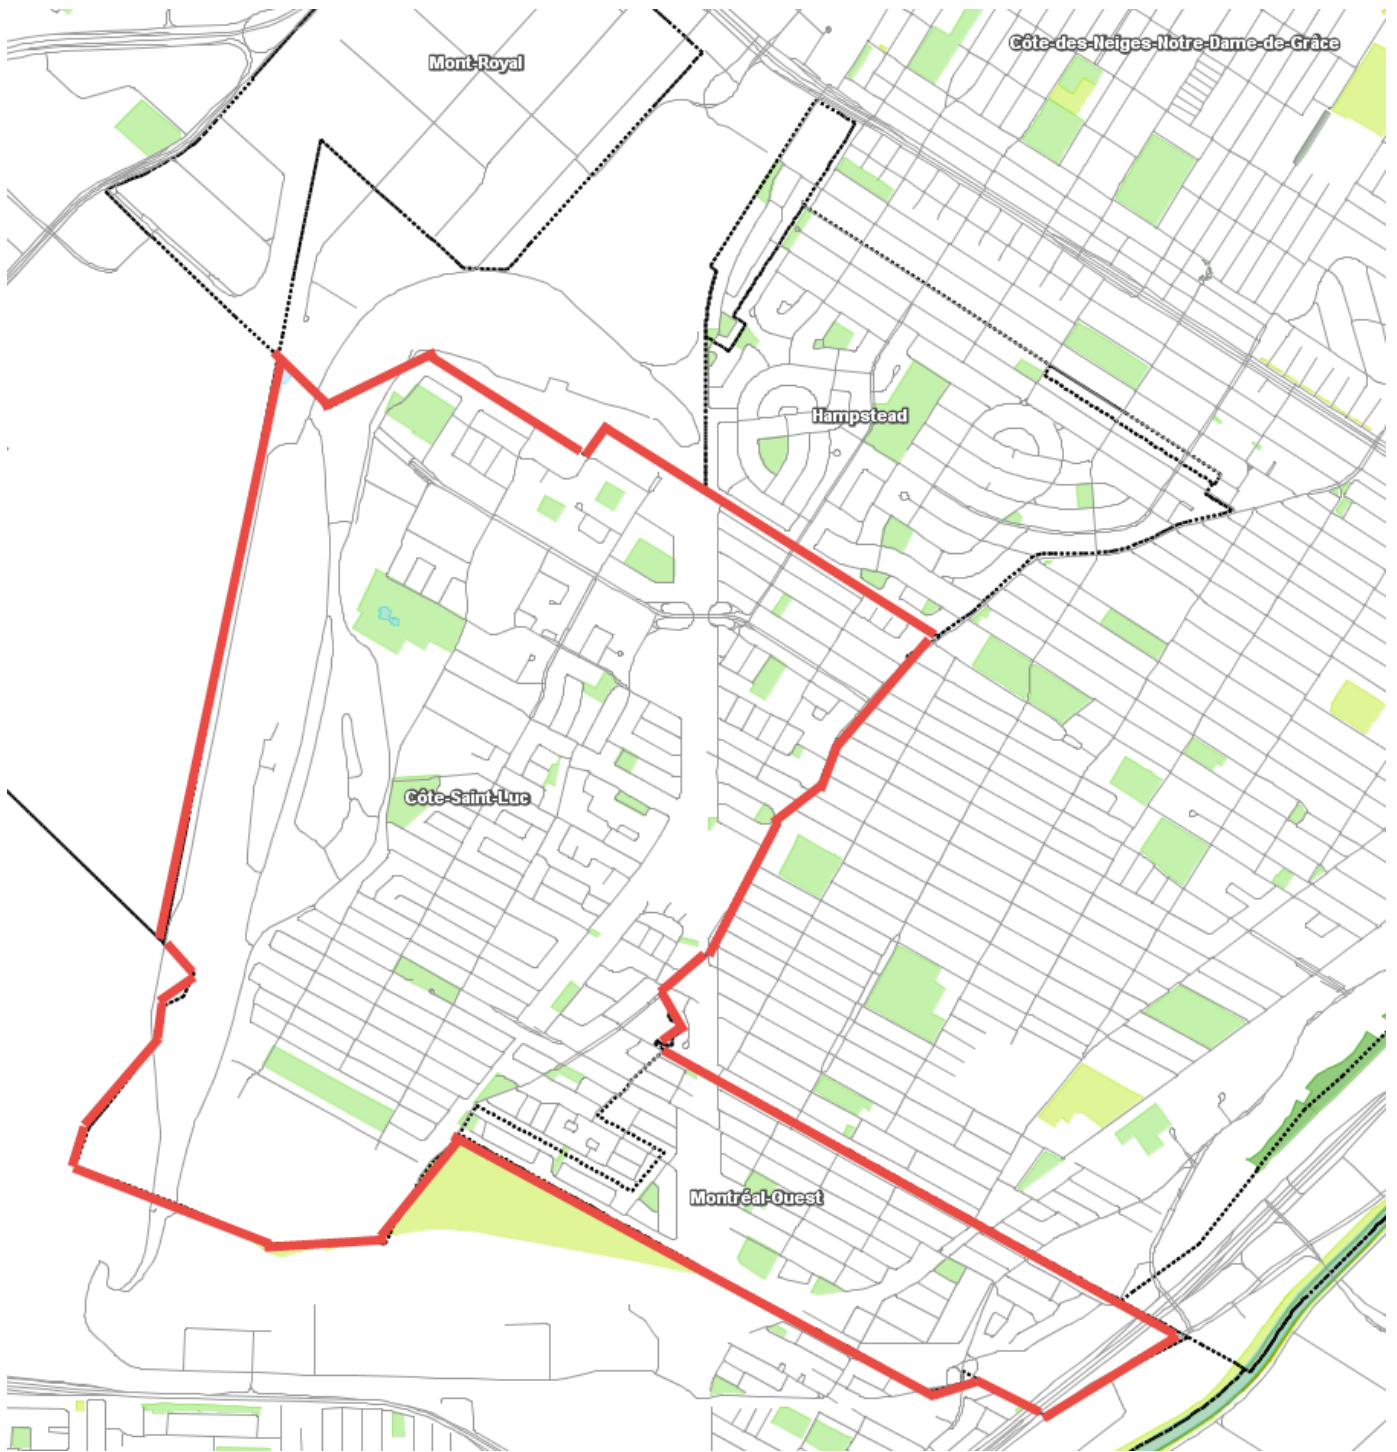

- These disruptions may occur at various times and does not usually last very long. If it persists beyond the above-mentioned period, call 311.
